Santiago D.R. - University Ministry & Church Planting

A heart of gratitude. **Praise God for His ways and His Mission in the Dominican Republic.**

First I want to thank God for all mission opportunities in the Dominican Republic. For the past several years we have worked with the national local churches, developing educational ministry programs, leading leadership conferences and more. As we have began our second term in the Dominican Republic we have entered into ISA and ISFODOSU University leading and praying for campus impact. Now God has opened the door as we have been praying for more campus openings. We are preparing to

enter into UTEA MAO and are currently working with PUCMM students to begin on two other campuses. We are very excited but also have fear if we can manage all the campuses. We are training and equipping individuals to serve as campus missionaries. We need your prayers that God would raise up the next generation to take on the great commission. This September as the new school year begins it is our target to impact campuses in four Universities. We are praying to impact the universities that every student and faculties will be connected to Jesus Christ. This is our prayer and mission to bring the Gospel of Jesus Christ to

every student and faculty. Join with us in prayer for transformational impact and the future generation of the Dominican Republic that could shape the nations path in loving and serving the kingdom of God. Please pray for the universities mentioned.

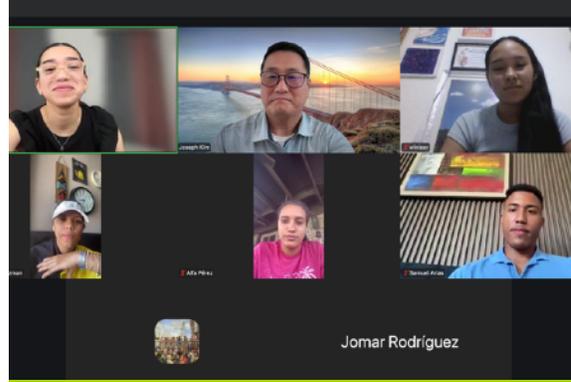

I want to take a moment to thank all who have been prayer for our family. As we had an unexpected lost of my loving mother (Young Rhan Kim) who was the wife to my father Rev. Nam Ki Kim. She went into the hospital to put a stent, a normal procedure and had a complication and passed away and is with Jesus in April 2025. We are grateful for both our parents who have served and loved Jesus. We will miss her dearly. But I know that she with Jesus. Until we meet again we will be faithful in the call that God has put before us.

Please continue to pray for our family as we have the call to Church plant an International Church in the center of Santiago. We have been praying for God's provision and direction to impact multi ethnic group living in Santiago Dominican Republic. We are excited but fearful at the same time, but trusting in Jesus and following the call to reach the marginalized unreached people in the area. We are praying and making the way for the International Church to be established. Our projected launch for the International Church Plant is by Dec 2025 or early January 2026. Please pray for more workers to partner with us as we expand His Kingdom and His Mission in Santiago Dominican Republic.
