

## Prayer Letter – Vol. 10

From the Family of Su–Min Lee, Min–Hye Lee, and Ha–Lin Lee

Hallelujah! We pray that you have been well in the Lord.  
It has already been three months since our last update in July.

Even as time passes, we are deeply thankful for your unchanging prayers and love.

Though we are far apart, your support and intercession continue to bring us great comfort and strength here.

There are moments in ministry that feel lonely and challenging,  
but each time, the Lord has faithfully upheld us through your prayers.

With hearts full of gratitude for His grace and your partnership,  
we would like to share some stories and updates from these past months.

May the unchanging peace and abundant grace of God  
rest upon each one of you who reads this letter.

With love and prayers,  
**The Lee Family**

---

### 1. Youth Retreat – *“A Small but Deep Time of Grace”*

This year, we held two youth retreats.  
Although our group has now become fewer than ten students due to graduations, we still believe it is deeply important to provide opportunities for their spiritual growth.

During these retreats, the students spend time in worship, fellowship, prayer, and personal conversations.

These precious moments help them build a strong foundation of faith before stepping out into the world.

## 2. New Member Discipleship – *“Hearts That Responded Purely to the Gospel”*

In April, we held a four-week discipleship course for three new sisters who registered through our “Joy Festival.”

Throughout the sessions, I often felt that I was the one receiving even greater grace.

Seeing their pure response to the gospel and their sincere focus on God’s Word deeply moved my heart.

During the final session, we had a time of sharing testimonies, which became a truly blessed moment that also inspired and encouraged our entire congregation.

### 3. Songsa Church Young Adults & Narnia Team – *“Steps of the Gospel Across Generations”*

This summer, two mission teams from our home church, **Songnae Sarang Church**, came to visit us for short-term missions.

The Young Adults team included some of my former disciples, ministry partners, and even children who used to be in our preschool ministry — now all grown up and serving together. Seeing them walk in faith and ministry was deeply moving.

The **Narnia Project Team** was made up of people from various age groups and even entire families, which made the time especially meaningful.

Both teams served wholeheartedly, leaving a precious mark on our church and the local Korean community.

We are truly grateful that every part of their mission was completed under God’s abundant grace.

---

#### 4. Bible Reading & Teaching – *“A Community That Breathes Through the Word”*

One ministry we are committed to continuing here is the consistent reading of God’s Word.

In every possible way, we encourage believers to stay close to Scripture — through regular Bible reading, Old and New Testament lectures, and discipleship classes.

Our desire is not merely to gain knowledge, but to become a community that truly walks with the Word in daily life.

Please pray with us that our church will remain always before the Word — a community that breathes, grows, and lives by it.

## 5. Korean School Picnic & Church Outing – *“Building Community Together”*

This fall, we had a joint outing with our Korean School families and the entire church.

In our first year we went to a valley, last year we enjoyed rafting, and this year we headed to the sea.

For the parents and children of the Korean School, it became a meaningful time to experience the church in a natural and welcoming way.

For our congregation, it was a precious opportunity to fellowship with those who do not yet believe and to share the love of Jesus through genuine relationships.

## 6. Korean School Teacher Training – “A Place of Learning for the Next Generation”

The 19th annual Asia Korean School Teachers’ Conference was held this year in Ho Chi Minh City, Vietnam.

It was a valuable time to learn how to teach children effectively in the age of AI, and how to guide students from multicultural families with the right attitude and approach.

Currently, I am serving as the secretary of the Asia Korean Schools Association, and I have been given the responsibility of helping to organize next year’s conference.

Please pray that I may carry out this role with wisdom and grace.

## Prayer Requests

1. That God's guidance and abundant grace may overflow in all the remaining ministries of this year — the Sacrament Service, Thanksgiving Sunday, Christmas Worship, and New Year's Eve Service.
2. That we may continue to walk humbly before the Lord, relying only on Him and living in obedience to His Word.
3. That we may fully trust in the Lord who knows all our needs, and fill each day with gratitude and peace.
4. That our 2026 ministry plans may be prepared not to please people, but to bring joy and glory to the Lord alone.
5. That our family, both here and in Korea, may remain healthy in body and spirit, faithfully fulfilling the missions entrusted to us with joy.
6. That Harin may walk closely with the Lord and serve as salt and light within her community

### 1. Ministry Update

The challenging and burdensome season we shared about last time has passed by God's grace. Relationships with some members who had misunderstandings have been restored, and those who were shaken by false information have regained their hearts and recommitted themselves to serving the church. Just as the ground becomes firmer after the rain, we have witnessed God strengthening our church through this time.

Through it all, we are learning to pay closer attention to what God is speaking to us and to walk quietly in His guidance. Please continue to pray that our church will be firmly built upon the Word and grow stronger in faith.

---

### 2. Family Update

In this hot and humid climate, one thing we always need to be cautious about is catching a cold. My wife, our daughter Harin, and I are all prone to sore throats or the flu if we let our guard down even a little. At times, recovery can be slow due to limited medical facilities, but by God's protection we have been able to overcome each challenge. We are doing our best to stay healthy so that our physical condition does not hinder our ministry.

We also renew our visas every year. By God's grace and through the help of many church members, we've been able to maintain them without major issues so far. Please continue to pray that our visas will be stably renewed and that we may continue to serve here without interruption.

---

### 3. Financial Update

It has already been over three years since we came here. Looking back, every month—and truly every moment—has been filled with God's amazing grace. The same Lord who never let His people go hungry in the wilderness continues to faithfully provide for all our needs today.

As the time to renew our housing contract approaches once again, we remember how God has always opened a way in ways beyond our imagination. We also recently purchased a vehicle and are paying it off in installments, which has made both ministry and family transportation much smoother.

We trust that the Lord, who knows every one of our needs, will provide at the best time according to His will. Our desire is to keep walking faithfully and quietly in obedience wherever He has placed us.
