by my God I can
leap over a wall."

MBB Worship

We praise God for sending more people each month to our MBB worship service, where converted Muslims and invited guests gather. Moving forward, we name this gathering 'Together Church'. We invite those who respond to the Gospel to worship together and continue discipling those who accept Christ. Please pray that this gathering pleases God and effectively spreads the Gospel.

Discipleship Ministry

We are starting a new discipleship group in the PJ region. As the leader's family lives in extremely poor conditions, we plan to assist with monthly rent so they can move to a better home, which will also serve as our discipleship venue. Our hearts feel heavy seeing their poverty. Please pray that members in this region grow deep in Jesus and experience spiritual abundance through discipleship.

Indonesia celebrates its Independence Day in August. Having endured colonization by the Netherlands and Japan, the nation holds this day meaningful with local festivities.

On the last weekend of August, we hosted an Independence Day event for our study room and futsal club children. Preschool, elementary, and middle school students gathered to play games and share snacks.

We thank God for this joyful time.
